

Interview 2 Kyle

Q1

What sort of motivation would cause you to seek out this app?

I would seek out this app if I needed something to remind me to take like medicine or physical therapy.

Q2

What design conveniences have stood out to you in apps you've used before?

I guess that I only use the calendar or notes section in my phone that allows me to add events or create notes to remind me what I am doing that day.

Q3

What methods do you use to remember things or to motivate yourself?

set reminders on my phone or make notes of what I needed to do that day

Q4

How do you use technology to help you maintain balance in your life?

Keep me well informed on what's going on in the world and manage my daily life

Q5

What makes you uninstall an app right away?

If it doesn't help me complete my daily goals or desire at that moment

Q6

What makes you feel personally connected to an app or software, i.e. wallpapers or custom messages/reminders?

Reminders are a good way to feel connected with an app, seems like they are interested in you

Q7

Should an application try to have personality or strive to be professional and straightforward?

Safe bet is to be professional but if you can make it fun that is always a win

Q8

Any additional suggestions or thoughts?

This would be cool if you could add this somehow with health/nutrition in reminding them what to have or take.
